October is BIPOC Well-Being Month at Mason! This past year raised our collective awareness about the need for more opportunities and intentional strategies to promote well-being among communities of color. Each week will have a different theme, with events that correspond to that theme. Check out the [full schedule of events](#).

**All students**, including those outside the BIPOC community, **are welcome** to attend the events for allies and advocates.

*\*BIPOC stands for Black, Indigenous, People of Color*
